White wines

CAP CLASSIQUE

Suitable for any time of the day, there's always an excuse for a celebration! Champagne is derived from France where the original "Bubbly" came from, known as Cap Classique in SA. Delicious shortcake flavours with hints of fruitiness on the nose & a dry finish. Cap Classique may be made from three grape varieties: Chardonnay, Pinot Noir & Pinot Meunier. Cap Classique produced traditionally, undergoes a second fermentation, where sugar & yeast are added to the bottled wines, then resealed. Carbon dioxide is trapped inside the wine under pressure & is released as bubbles "mouse," when the Cap Classique is served.

Both wines rely on the traditional French fermenting process, which is labour intensive, time consuming and entirely reliant on handpicking only the best grapes to ensure exceptional quality and optimal purity of fruit.

This is what makes them so sought after and valuable. Cap Classique is South Africa's bubble equivalent to champagne.

Brut – Sparkling Wine that is dry or dryish in taste.
Blanc de Blancs – "White of Whites"; White wine made from only white grapes.
Demi-Sec – Fully Sweet
NV – Refers to Non Vintage

SPARKLING WINE

You can spot the difference between the two if you look closely at their bubbles; a Cap Classique will have tiny bubbles with refined effervescence while Sparkling Wine has a larger, coarser fizz. Sparkling wine by comparison is created by a process which uses artificial carbonation on the production line resulting in a distinctly different drinking enjoyment.

M-A-N Family Wines Chenin Blanc
Doolhof Chardonnay

SAUVIGNON BLANC

Translated to "wild white," Sauvignon Blanc is the most popular white cultivar in SA. Distinct regionally-based styles. From Darling there are dusty, green peppers but a flinty minerality creeps in as you move south through Durbanville & Constantia to Agulhas where it becomes seashells & ozone. In Stellenbosch & Robertson, a rich tropical fruit is never far from the surface.

RIESLING

The 'Riesling' was an official SA synonym for the inferior **Crouchen Blanc**, also known as Paarl Riesling. Paarl Riesling is light to medium bodied wine. **Riesling** is a great aromatic white wine, semi-sweet to off-dry. The perfect food companion

Groote Post Darling Hills
Hartenberg Estate (Bone-Dry)

CHENIN BLANC

Widely cultivated variety in the Cape, and characterized by its versatility. Chenin Blanc produces good natural wines covering the whole spectrum from sweet to dry, as well as sherry & sparkling wine. Fruity flavours. This is the "work horse" of SA white grapes. Often distilled into Brandy.

WHITE BLENDS

SA legislation requires that at least 85% be present of the stated variety. Blends may only name component parts if those components were vinified separately, prior to blending. Should one of the blend partners be less than 20% of total composition, all the blend partners % of total composition must be supplied.

The Saldanha Wine & Spirit CO. Hanepoot (500ml)

STRAW WINE

Straw wine, or raisin wine, is a wine made from grapes that have been dried to concentrate their juice. Straw wines are typically sweet to very sweet white wines, similar in density and sweetness to Sauternes but potentially sweeter. They are capable of long ageing. An older process and suitable for warm climates. Under the classic method, after a careful hand harvest, selected bunches of ripe grapes will be laid out on mats in full sun. Under less labour-intensive versions of the technique, easily portable racks might be used instead of mats or nets, or the grapes are left lying on the ground beneath the vines, or even left hanging on the vine with the vine-arm cut or the stem twisted. Technically speaking the grapes must be cut off from the vine in order for the wine to be a 'straw wine'.

PINOTAGE

CELEBRATING 100 YEARS

Locally bred cultivar, developed from a cross of Pinot Noir & Hermitage by viticulturist Professor Abraham Izak Perold in 1925. The first bottles appeared in 1961. It is a light to medium-bodied wine, unique to SA! In the early 1990s, as Apartheid ended & the world's wine market was opening up, SA winemakers ignored Pinotage in favour of more internationally recognized varieties like Shiraz. Towards the end of the 20th century, the grape's fortunes turned & by 1997 it commanded higher prices than any other SA grapes.

GRENACHE NOIR

Wines made from Grenache tend to lack acid, tannin and color, and it is often blended with other varieties such as Syrah, Carignan, Tempranillo and Cinsaut. Grenache is the dominant variety in most Southern Rhône wines, especially in Châteauneuf-du-Pape where it is typically over 80% of the blend.

Fairview
Olifantsberg Vineyards
Strandveld

PINOT NOIR

Called the heartbreak grape because it is difficult to cultivate. In SA it's the second most popular restaurant red thanks to a perception of elegance. It may be the toughest grape to grow, but the effort is worth the constant care & investment. Fruit forward red wine.

Ataraxia Young Blood
Kara-Tara
Ataraxia

SYRAH/SHIRAZ

A noble variety of French origin, also known as Syrah. Deep purple, smokey, spicy wines which develop a complex character with age. Exudes white pepper, spicy notes on the nose & palate. Big bold wines with good fruit tannins.

SANGIOVESE

Is a red Italian wine grape variety whose name derives from the Latin Sangius Jovis, "The blood of love". Young Sangiovese has fresh fruity flavours of strawberry and a little spiciness, but it readily takes on oak, even tarry flavours when aged in barrels. Sangiovese was already well known by the 16th century.

Fairview La Capra
Raka Estate

CABERNET FRANC

A bright pale red wine, contributing finesse & peppery perfume to blends with more robust grapes. Aromas can include tobacco, raspberry & cassis, even violets.

Raka Estate
Doolhof Estate SV

MERLOT

Grapes are identified by their loose bunches of large berries. The colour has less of a blue/black hue than Cabernet Sauvignon grapes, a thinner skin & fewer tannins. In food & wine pairings, the diversity of Merlot can lend itself to a wide array of matching options. Slightly herbaceous overall in both aroma & taste.

MALBEC

Malbec grapes tend to have an inky dark colour and robust tannins. It is a thin-skinned grape and needs more sun & heat than either Merlot or Cabernet Sauvignon to mature. Malbec is known as one of the 5 cultivars to make a Bordeaux blend. It is increasingly celebrated as an Argentinian varietal wine and is being grown around the world.

Old Vine Project

Wines that are made from old vines (vines that are 35 years and older) are a tribute to the grower's love of the land. They exist because of the people who touched and tended them over many years.

They reflect the terroir, landscape, and people who lovingly tend these vineyards across the Cape providing us with a more textural finish. Producers can certify old vine vineyards and wines with the Old Vine Project (OVP) and apply Certified Heritage Vineyard seals to their wine bottles, identifying the planting date of the vineyard from which the wine was made.

The vineyards are verified from South African Wine Industry Information System's (SAWIS) extraordinary vineyard database that dates back to 1900.

BEESLAAR WINES

Member of the Cape Winemakers Guild

A small family-run business, specializing in the production of handcrafted, high-end wines, in the heart of the Cape Winelands. Abrie's love affair with Pinotage led him to establishing the brand in 2011, with the aim to produce wines that embody and personify the many beautiful characteristics of a grape variety, which were born and bred in South African soils. Pinotage is not for "sissies"

KAAPZICHT ESTATE

Kaapzicht Wine Estate, established in 1946, is a fourth-generation family-owned vineyard located in the Bottelary Hills of Stellenbosch, South Africa. The estate spans 210 hectares, with 130 hectares under vine, cultivating 70% red varieties—including Cabernet Sauvignon, Merlot, Shiraz, and Pinotage—and 30% white varieties, primarily Chenin Blanc. Notably, Kaapzicht's 1947 Chenin Blanc is crafted from one of the country's oldest Chenin Blanc vineyards. The Steytler family oversees all operations, with Danie Steytler Jr. serving as the current winemaker. Kaapzicht's wines are celebrated both locally and internationally for their quality and expression of terroir.

HARTENBERG ESTATE

South Africa's first scientifically verified Regenerative Wine Estate. With decades of winemaking experience, we balance tradition with innovation to create wines that reflect our unique terroir. We believe great wines start with healthy soils and are committed to working with nature to restore the land and keep our vineyards thriving. Wilhelm, our viticulturist and Pioneer of Regenerative Viticulture in South Africa, plays a key role in driving these efforts, working alongside our dedicated team to nurture soil health and land resilience. Regeneration is at the heart of everything we do, ensuring that future generations can enjoy both our wines and the land that makes them possible.

Only privately owned liquor stores / wine boutiques, no retailers.

Single vineyard

'Single Vineyard' or 'SV', is a term used in the wine industry referencing that the wine in the bottle comes from a single vineyard site. This means that the particular vineyard, and the grapes grown there, have been isolated from all other vineyards due to their superiority.

RAKA WINE

*Born of the sea, Guided by the stars, Blessed by the earth.
"The wine was named after Raka, the beloved fishing boat of Piet Dreyer, who for more than three decades plied the seas of the Southern ocean in search of the finest catch. This same passion has found home at his vineyards and winery."*

RIJK'S ESTATE

Rijk's Wine Estate nestled in the picturesque Tulbagh Valley, just 120 kilometres northeast of Cape Town, is a family-owned wine estate consistently producing award winning wines.

The story begins with Neville Dorrington, a lover of good food and a collector of good wines, a man driven by his dreams, whose journey led him to the shale-rich slopes of Rijk's (1996) where he came across 137 hectares of virgin soil that were never cultivated.

The directions of the slopes and analysis of the vertical shale soils revealed the potential for low yielding, high quality grapes. The Mediterranean climate, gentle summer winds and low-yielding shale soils make it an ideal terroir for growing Chenin Blanc and Pinotage.

The estate thrives on sustainable practices and a vision for the future. Their commitment to ethical farming and their meticulous cellar practices has resulted in wines enjoyed by connoisseurs' word-wide

SIX DOGS DISTILLERY

Passionately Crafted - One Batch at a Time

To us, creating Gin is not just about the handpicked botanicals, or our custom designed copper still, or the molecular technology we use to protect the delicate flowers used in the Gin. It is about waking up every day and loving what we do. It's about setting out to make the finest gin we can, one batch at a time. It is about creating something special. Something to be proud of. That's who we are.

History OF SA WINE

1761

Exporting takes off

The First Constantia wines are exported to Europe.
By 1788 our dessert wines are the toast of the town.

1886

Disaster strikes

Phylloxera wipes out millions of vineyards
all but killing the industry.

1925

Pinotage is born

Professor Perold successfully cross-pollinated
Hermitage (Cinsault) with Pinot Noir to
develop SA's own grape variety, Pinotage.

1959

Semi-sweet Lieberstein is launched

By 1964 it's the world's number 1 selling bottled wine
at 31 million litres.

1971

Stellenbosch Wine Route

The first wine route in the country
was founded.

1975

Sold to the highest bidder

The first Nederburg Rare Cape Wine Auction is held.

1995

The Pinotage Association was formed.

2000

The Chenin Blanc Association

was formed.

2010

NLR-Wines was established.

2013

Exporting

We export a record-breaking 525 million liters of SA wine.

2020

New - Cultivar / ASSYRTIKO Planted

A wine estate in Stellenbosch set to plant Assyrtiko, the grape associated
with the Greek island of Santorini, the soils famously igneous, the climatic
conditions hot and windy. A site roughly approximate to Santorini – the
soil consisting of broken-up granite rock, the aspect north-facing, the
South-eastern wind a regular phenomenon – and just one hectare will
be planted for now.

Covid

The South African wine industry has been
severely weakened with the onset of COVID-19.

1659

The first wine

was produced in the Cape. Van Riebeeck
wrote in his diary on 02 February:
"Today, praise be to God, wine was made
for the first time from Cape grapes."

1822

International Status

Of wines consumed in Britain, 10% are South African.

1918

KWV is Established

KWV (The Ko-operatiewe Wijnbouwers Vereniging
van Zuid-Afrika Beperk) is founded.

1926

Screw Cap

The screw cap was introduced by White Horse Distillers in 1926, an
innovation which doubled the sales of the brand in six months, and
this was further developed by White & Mackay, who, in 1960,
introduced a plastic screw cap which doubled as a measure or small cup.
However, in the last 50 years, screw caps have been widely used on
wine bottles. The first screw caps appear on white wine bottles.

1961

The first Pinotage

A 1959 Pinotage under the Lanzerac label was marketed.

1971

Let's Celebrate!

Our first Méthode Champenoise-style
sparkling wine, Kaapse Vonkel, is made.

1991

Veritas Awards

Wine appreciation goes mainstream with the inaugural Veritas awards.

1999

Cape Winemakers Guild was founded.

2002

Old Vine Project

In 2002, the Old Vine Project in South Africa started searching for old vines,
and today there are about 3700 hectares of Old Vine vines and ten vineyards
that are even older than 100 years. Almost 2000 hectares are planted with
the most widely grown variety in South Africa, Chenin Blanc.

2013

210 Olympic Pools of wine exported.

2014

100 000 Rugby Fields in SA planted under vine for wine.

2021

Celebrating the golden

50-year anniversary of Cap Classique

2025

Celebrating 100 years of Pinotage
